helmiyadiwibo@gmail.com

<https://helmiyadi.netlify.app>

Kabupaten Batang, Jawa Tengah, Indonesia

ABOUT ME

A dedicated software developer and Information Systems student balancing full-time operational responsibilities with intensive technical engineering. Experienced in cross-platform mobile development (Flutter), robust database administration (MySQL/MariaDB), and custom digital design. Proven ability to deliver high-quality freelance projects for international clients while managing rigorous academic and professional schedules.

EXPERIENCE

2024 - Present

OPERATIONS STAFF - NOSEW DEPARTMENT

PT Yih-Quan Footwear Indonesia - Kabupaten Batang

Manage daily operations and maintain strict quality and efficiency standards in a high-paced industrial manufacturing environment. Apply analytical problem-solving and discipline learned in operations to complex software architecture and debugging.
